Prof. Stephens is the promoter of the affair, which would not have taken place had one with less energy and determination been at the head of it. But he has worked early and late, attending to the minutest detail, and seeing to it that everything needful was done by doing

Points

YOU CAN'T RESIST.

When you see a point of advantage try to get on it. We offer a few points of advantage in the line of baking powder. Excellence is one of them, economy another. To use a cheap article when it is not good is foolish. To use an expensive one when you can get THREE CROWN baking powder for so ow a price and still know it is of the going to accompany the choir on its highest possible quality would be equally foolish. We want to impress you with the high grade and low price.

PRINCE HENRY'S BIG INSURANCE

Insurance against assassination is one of the new ideas Prince Henry has brought to American shores. He carries a policy of \$900,000 against assassination, and is said to be the only man in the world so insured. The prince's brother, Emperor William, carries a life policy for \$5,000,000. King Edward's life is insured for \$3,600,000. The czar of Russia and his immediate family are insured for \$8,750,000.

WON'T LIVE IN A HOUSE.

Efforts that proved unavailing have been made during the extreme cold weather of the past few days to have lottlief Gohdvohl, an aged resident of this county, to give up his abode in the

open air.

He came to this country at the close of the Civil war, and since then he has never sought the shelter of a house, living outdoors in all sorts of weather. He is now domicfied in a small woods near Elizabethtown. His only protection at night consists of rags and tattered clothing begged from farmers. MOTHER-IN-LAW SUED FOR \$10,000

David Hughes Alleges That She Accidents and Crimes are the Robbed Him of His Wife.

SLANDEROUS CHARGES MADE

For the Loss of His Life Partner and Child, Plaintiff Wants the Sum Named.

Alleged slanderous remarks by a mother-in-law, which resulted in enicing his wife away from him, is the ground for a \$19,000 damage suit filed in the district court today by David Hughes against F. D. Hess and Alice Hess.

The complaint alleges that Mrs. Hess, who is the mother of plaintiff's wife, stated to one Maggie Marshall, in August, 1901, and to various other persons that Hughes was not a fit man to live with her daughter and that she had tried to break them up and would sep-arate them before she stopped. In September, 1901, said defendant Alice Hess, maliciously and slanderously told Alice Hess Hughes that the plaintiff, said David Hughes, had consorted with prostitutes. The actions of Mrs. Hess were acquiesced in and confirmed by her husband, F. D. Hess. By reason of these slanderous re-

marks and repeated urging by the de-fendants, plaintiff's wife, on September 28, 1901, was prevailed upon to leave her husband, which she did, taking their child with her, and has ever since re mained away from him. The plaintiff asks fc; judgment in the sum of \$10,000 for the allenation of his wife's affection.

CONTEST IS SETTLED. Judge Hall Dismisses E. H. Uhlig Estate Case.

The contest over the estate of E. H. Jhlig, deceased, has been settled and Judge Hall has dismissed the same. J. P. Meyer and Simon Bamberger were the beneficiaries under the will and Ernest Uhilg, brother of deacesed, contested the same, claiming that his brother was not in his right mind at the time he executed the will. The matter has been amicably settled between the beneficiaries and contestant. Among other property there were 63,000 shares of Argentine stock and Ernest Ulig, in the settlement made, received 10,000 shares of this stock.

COPPS SHOW CAUSE.

Morrison-Snow Case.

In the case of C. D. Morrison vs A E. Snow and the Morrison Mining company, the plaintiff has filed a motion to strike out certain parts of defendants answer because "the said portions are scandalous, impertinent, irrelevant and mmaterial to any part of the issues in his case. The parts sought to be eliminated reflect somewhat upon Justice Barch's connection with the case and are the grounds upon which he was made a party defendant to the counter claim several days ago.

Probate Petition.

Charles S. Burton today petitioned the court to be appointed administrator of the estate of Dirk Bockholt, de-ceased, who died testate Jan. 1, 1887. The petition recites that William Fuller acted as administrator under the terms of the will until his death which oc-curred April 27, 1893, and that all the estate was disposed of except some real property described as the northwest quarter of the southwest quarter of section 27, township 3 south, range 1 west. The deceased, before his death, conveyed to William Eddington a cer tain portion of this property but it was incorrectly described in the deed and it is for the purpose of correcting that error that petitioner asks for letters

Lower Court Reversed.

The supreme court has reversed the decision of the lower court in the case of Melvina Coleman vs E. G. Hines, appellant. The sult was originally brought to quiet title to a strip of land 1.46 feet by 110.5 feet in dimensions. The respondent claims the property by continued peaceful possession and the appellant by legal title. The lower court decided the case in favor of the plaintiff.

The decision of the supreme court holds that the possession of respondent was for less than 20 years and hence was not of a sufficient length of time to establish a title to the property.

There is something fascinating about the Swede. His honor and candor can-not fall to appeal to those who study him and see in him a lineal descendant of Hengist and Horsa. The breezy breath of the brine clings to him. His generic name is Ole. One of these typical sons of the north came into New York harbor a few days ago on board a bark. As he rassed Reddowich a bark. ROBBERY IN FREIGHT CAR.

Another robbery of an unusual na-ure occurred last night on a R. G. W eight train. The victims were Robert rown and Carl Dalberg, two laborers who have been in Ogden for some time but who were going to Salt Lake to look for employment. They thought they could not afford to pay their fare the train was about three miles out or son showed that the property in his hands was already subject to an order of the court, and Copps satisfied the court that he had nothing belonging to the city two men broke into the car was secured from Brown while Dalberg yielded \$7.50. After secur-ing all the plunder they could the two holdups forced their victims to jump from the car, the train then being in motion. Brown and Dalberg then made their way back to Ogden and pre-sented themselves at the police headquarters where they related the story that has just been told. YOUNG CHICKEN THIEVES. Chief of Police Browning and Detective Pender, arrested last night a num-

The band made a raid on George Short-en's coop, also that of Joseph Starrs, securing 25 chickens from the former and thirty from the latter, every that was in the coop. It is stated that the boys disposed of them to the hot tamale dealers on the street corners.
